Good Lord Deliver Us.

I went to church, and with my aunt Knott where the richest people knew; I listened to the rector's chanted—

"O good Lord deliver us!"

Shiny glass and gilt and velvet stools,

With gold and silver work,

I saw, and thought, Oh, fool of fools!

"O good Lord deliver us!"

I whispered— "Who is a sinner down?"

Quick glanced my aunt, as woman can,

"And I am a sinner down!"

"O good Lord deliver us!"

Direction— "I am a sinner down?"

Heads every public charity."

I longed to be a sinner down in fear

"O good Lord deliver us!"

But, ho, dear aunt, over there,

The man with a spittoon in his book:

"With a spittoon in his book?"

"Good Lord deliver us!"

Spit-brokers, love—o-cross, too—

Appropriation—o-cross, too—

Spit-brokers, a spittoon for you!"

I may count my face to pray:

"I count my face to pray!"

I glanced over there must be one,

Good and wicked men,

And what is this?—a spittoon?"

If such a face knoweth, then—

"He's no one, pet. I'm half afraid."

The fellow keeps a bucket shop."

"My quite out of place, let drop:

"O good Lord deliver us!"

HOME MATTERS.

BOOKBINDING.

All who have any orders in the bookbinding line will be able to get them filled by leaving them at The New-Alerts office not later than Friday next.

The Trenton Courier takes a holiday next week.

The company returned from the Sandusky Tuesday night.

Mrs. Munsell returned last week from a visit to her son at Saginaw, Mich.

Another camping-out expedition is being taken up. The thing seems out of date.

Moses, Miles & Clark have erected an additional store-house at the rear of their premises.

The Singing school is out. It continues its name, while five years ago, there were 210 voices in the village.

The death notice of the late Daniel Hurst, published four weeks ago, was incorrect. The person given should have been 79 years and 9 months.

We are requested to state that if the deck which we have on our vessel, some one is likely to be interested enough to know that it is on the Marquette road?

The Trenton Courier says: "Mr. J. W. Rodgers, who has been very ill for the past month, has given up teaching, and is going to Canada, where he can sell his different properties in Ontario."

The Canadian Dairymen is the title of a monthly newspaper published in Montreal at \$1 per copy, and is sold exclusively to the trade. Address Canadian Dairymen Pub. Co., 162 St. James street, Montreal.

The Toronto Weekly News is another newspaper which has been only a dally. The new weekly is a large sheet, and contains more or less news and is \$1 per copy.

Frank Hart, Chas. Boldrick, Walter Chant, Bert, Chard, Wm. Ferguson, Sam. Clark left Sunday for Belmont Lake, to camp out. They are a party of 12, and are provided with fishing and hunting paraphernalia, and expected a good time.

Mr. W. H. Butcher, for four years station agent at Stirling, has been appointed to the position of the Grand Trunk at Montreal, at the same salary. Mr. E. Richardson is Mr. Butcher's successor.

Miss M. C. Mitchell is now managing operator.

A meeting of the school board was held on Tuesday evening. Accounts to the amount of \$102, for the repairs to the school premises, were presented, and the trustees and secretary were instructed to call upon the village council for the sum of \$1,800 for school.

Mr. M. W. Wescott returned on Friday last from a trip to Fort Worth, Texas, where he went to look after his financial interests, having investments in live stock, the oil business, and real estate.

John McCaw, Jr., is doing very creditably well down there, the mercury going one day up to 105 in the shade.

Mr. P. Welch's friends (3) around Spring Brook are still thinking of him. One morning this week he went to feed his live stock with some green feed, which he had left out in the sun, and when the dust settled the sight it had been plentifully sprinkled with parades. He thinks as much as half of his stock has been lost.

The initial number of the Canada Agriculturist, published at Peterboro, is to hand. This new candidate for favoring the farmers contains a good deal of valuable information concerning the growing of farm stock, etc., as well as a general account of what is transpiring in the country.

This is the way the Deseronto Tribune refers to the travelled bear epidemic: "A couple of lazy foreigners, with an intelligent wife, have been the cause of the trouble in the town the other day. Some society for the prevention of cruelty to animals should intercede in the matter, and see that the animal and persons who would do well to arrest its worthless companions."

Miss Lillie Smith, daughter of Mr. W. W. Smith, now residing at Chillicothe, Ohio, where she is a teacher, and is one of the most able professors, will return to Stirling shortly to take up her residence with her parents. She is a graduate of the Royal College of Music, and has been a pupil of a music teacher. A good class has been formed for her, and it will doubtless grow when she arrives. She is a good singer, she is well known and deservedly esteemed.

The second annual report of the provincial board of health, a volume of 430 pages as far as tables and maps, as well as many local and general statistics, is now ready. It contains extensive essays on hygiene subjects, ventilation, drainage, etc., reports from various districts, a general review and other interesting paragraphs. The government would accomplish much more practical good if it would do more of this work than by distributing the reports of the agricultural commission as possible to the agriculturist.

We omitted last week to mention the arrival of Mr. Boldrick from Maine, who had been for several weeks. Mrs. Boldrick will be here Saturday evening. She feels much benefitted by his company, and is enthusiastic in praise of the delights of the sea-bathing. She has been a great help in the working of the Main line, as such a thing as a drunken man was not seen while I was there. I have had a good drink of liquor if one was taken. He is now attending to and pushing business as old. A letter from Mrs. B. from Woburn reports health and happiness, and the sea-bathing becoming more and more enjoyable and beneficial.

It is sometimes questioned by merchants whether advertising pays. The question will hardly bear discussion, as following fast on the heels of the question is, "How much?"

The Chicago Tribune, it is being figured, a column a year, receives \$20,000. The New York Tribune, it is being figured, a column a year, receives \$100,000. The lowest pay column \$30,723, and for 100 columns \$348,000. The New York Tribune for the last year, it is being figured, receives \$1,000,000. The Tribune and these papers are never a loss for advertising, as they are filled to the brim with the most interesting news, and these papers are never a loss for advertising.

That paper which is the most popular, however, is the New York Times, which receives \$1,000,000 a year.

been wet yet, and you're not going to be-

giving it up."

CHIT-CHAT.

"The train is coming, Mother."

"Yes, but that is not to be wonder-

ed at. A few more hours of such snow

would block the line altogether."

The afternoon train from Lincoln

arrived at 4.30 p.m. Mrs. Daunt, with a

sympathetic glace at the young man's

worn haggard face, it was not to be won-

dered at the day long's hard work.

After a long hard day's work, and

the wind and weather, and the snow still

and the wind whistling through the
